***"Veterans' Healthcare: A Promise and a Priority"***

By Congressman Allen Boyd (D-FL)

Since I took office in 1997, I have traveled throughout the 2nd Congressional District talking to many of

With a soaring national debt, out of control deficit spending, and funding problems within the Department

Unfortunately, the Administration has not been forthcoming about the funding needs of our veterans. Last

The funding problems don't end there. More than 260,000 veterans nationwide who applied to receive health

Refusing to recognize this injustice and considerable strain on our veterans, the Administration this year

As in years past, I rejected the Administration's proposed increase in enrollment fees and prescription co

While this is a substantial increase compared to last year's funding levels, there is still more that Congress

As thousands more soldiers come back from Iraq and Afghanistan, it is our duty to provide sufficient res
